### Property Profile

Property size (sq. ft. or acres) \_\_\_\_\_

#### 1. FOOD SOURCES: Natural or Supplemental

A. Identify the types of plants that provide fruits, nuts, berries, seeds, nectar and other materials that wildlife might eat. Examples: acorns from oak trees attract birds, squirrels and other small mammals; Persimmon (*Diospyros*) fruits attract numerous birds and small mammals; Holly (*Ilex*) provides berries for songbirds; Sunflower (*Helianthus*) provides seeds for many kinds of birds, and Salvias attract numerous hummingbird species. Please check the appropriate blank if you know which plants are native to South Texas.
